

A Nicolas Entel Film

MY FATHER PABLO ESCOBAR

"Entel has composed a masterwork" - Hollywood Reporter

NEW U.K. DVD Release Date - 12th July 2010

'MY FATHER PABLO ESCOBAR' tells the inside story of the life, death and legacy of drug lord Pablo Escobar as seen through the eyes of his only son and the sons of his most prominent victims. With **More 4** premiering the film for U.K. audiences on **Tuesday 11th May 2010 at 10pm** as part of their **True Stories** series, 'MY FATHER PABLO ESCOBAR' will arrive on **DVD on 12th July 2010**, released by **Brightspark Productions Ltd.**

To some Pablo Escobar was a ruthless criminal. To others, he was a noble saint, but to **Sebastian Marroquin**, he was one thing above all others: a father. 'MY FATHER PABLO ESCOBAR' takes you inside the world of the most notorious drug trafficker of the modern era, from a new perspective: the voice of his only son. For the first time, Sebastian Marroquin (formally *Juan Pablo Escobar*) invites the world deep into the house of Escobar through photographs, recordings and intimate memories.

Along the way, Sebastian reaches out to the sons of his father's most prominent murder victims, Colombian politicians and anti-drug trade crusaders **Luis Carlos Galan** and **Rodriggo Lara Bonilla**. He attempts to close wounds that extend beyond three families, and across the history of the home they all once shared - Colombia. In agreeing to appear in the film, Marroquin and his mother, **Maria Victoria**, break more than a decade of silence after living in virtual exile in Argentina, where Marroquin now works as a licensed architect. It is the first time either has spoken about life with Escobar since he was gunned down in 1993. The result is a startlingly intimate portrait of years in the Escobar family and a front-row of Marroquin's reconciliation efforts toward the men whom his father orphaned 20 years ago.

'MY FATHER PABLO ESCOBAR' is Nicolas Entel's second documentary film after his multiple award-winning 2006 **Orquesta Tipica**.
